

Charlestown Lions Park

**We've
got a plan
for play!**

Engagement summary

Background

We asked the community for feedback on a draft master plan for Charlestown Lions Park, which featured new and improved facilities, to better serve local residents and the greater Lake Macquarie community. It is proposed to include updated park facilities, a new war memorial, multi sports courts, toilet block, table tennis table, car parking, new linking paths and landscaping.

Here's a selection of some of the comments we received about what you liked about the draft Master Plan

I like the off-street parking.

The openness and size of the park with multiple uses and upgraded landscaping.

We so desperately need a park this side of the highway in Charlestown.

Looks great. Will be a nice area for the community.

I appreciate this type of planning in Lake Macquarie.

Please ensure there is appropriate lighting for night.

So glad Council is making good use of this space!
